

Marine careers in the Atlantic Area

- In 2017, the Blue Economy in the Atlantic Ocean generated **EUR 73.4 billion** of Gross Value Added (GVA) and employed **1.29 million people**. It is the largest EU sea basin representing 36% of the EU Blue Economy GVA.
- The 2020 EU Action Plan for the Atlantic Area focuses on:
- promotion of sustainable coastal tourism
- transition to offshore renewables
- Green shipping and innovative port activities
- Sustainable management of marine space and fight against plastic pollution

The EU Action Plan highlights the **high job creation potential** in Atlantic coastal communities associated with these priorities.

Maritime careers in the UK

- The maritime sector is responsible for facilitating 95% of UK global trade, worth £500bn per year.
- The maritime sector represents just under I million jobs and contribute around £40bn to UK GDP making maritime one of Britain's biggest industries.
- Aaritime UK, of which CMN is a member, is the collective voice for the UK's maritime industries. They champion and work to enable a thriving maritime sector.
- This includes developing and running a **maritime careers taskforce** to coordinate all efforts at national level to promote maritime jobs.

Marine careers in Cornwall

- 15,052 jobs directly supported by the marine sector in Cornwall
- Marine sector GDP £1.12 billion per annum to Cornwall economy
- 6.4% (I in I5 people) of Cornwall's employment
- 855 Business identify as Marine in Cornwall

However:

- Skills gaps in the context of an ageing workforce and emerging new technologies and industries
- Limited knowledge of the variety of jobs in the marine sector
- Limited attractiveness of the sector for young people

Our role in Atlantic Youth

- Use employers as the solution to improve young people's awareness of the sector and their employability
- Network of 105 marine ambassadors volunteering their time
- Career advice delivered to 35,000 young people over 12 years
- Vocational training delivered to 3,500
- Lead partner of the Channel Marine Academy project, aimed at developing a transnational network of marine ambassadors

Our role in Atlantic Youth:

Involve young people in developing a video promoting marine careers across the Atlantic Area

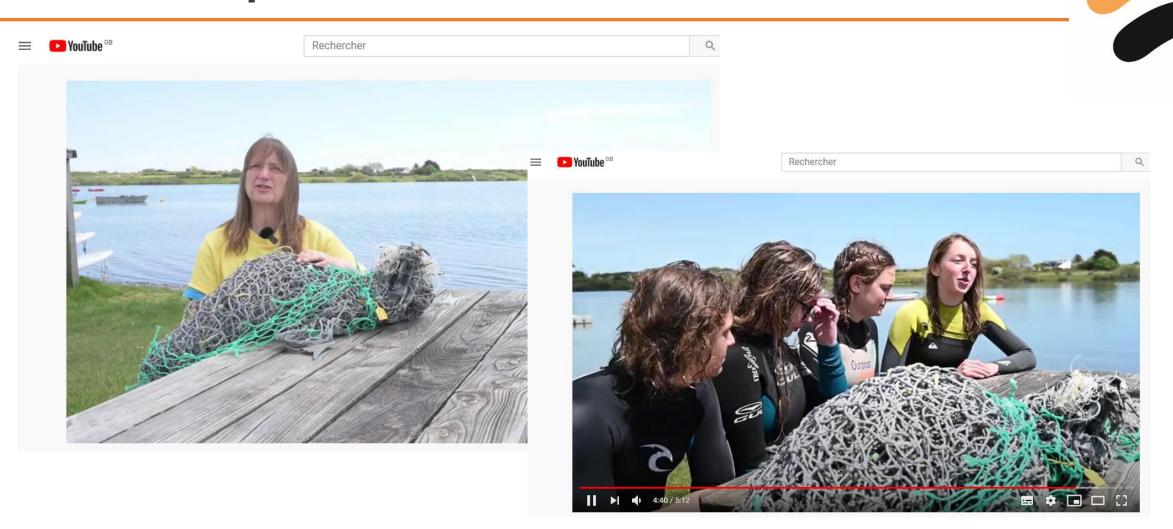

Video to promote marine careers

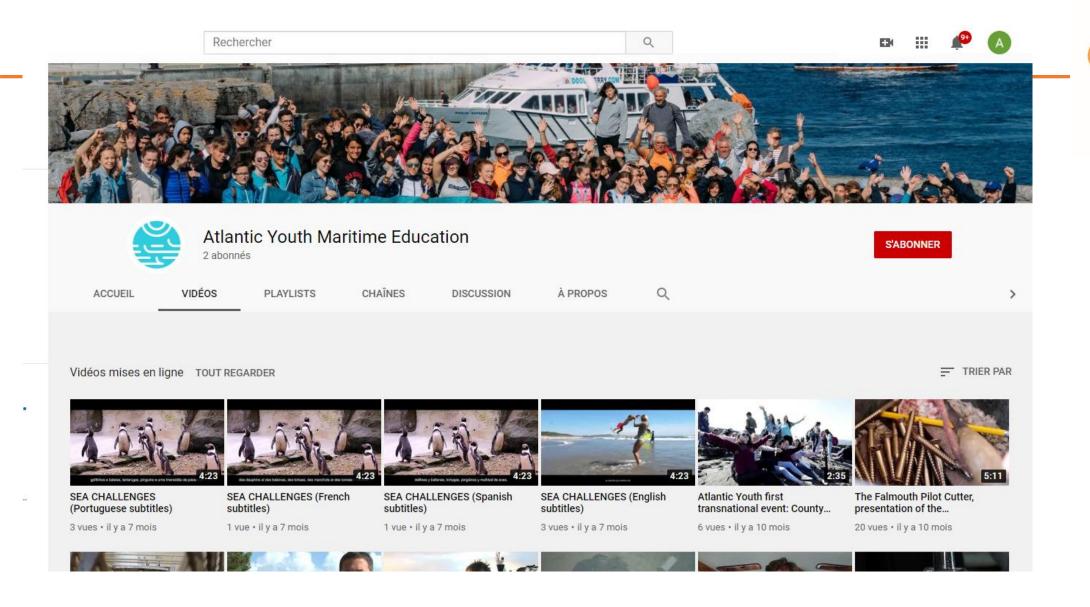

- We got students from the 5 countries to prepare questions for marine employers:
 - What jobs are there in a marina?
 - What do you like about your job?
 - What is the role of a harbour authority?
 - When was the last time you went on the water?
 - What skills are you looking for? Enthusiasm and commitment, many transferable skills
 - What are the career opportunities in marine conservation?
- We then selected employers to answer these questions:
 - Female and male role models
 - Employees and volunteers
 - Based onshore and offshore
 - Illustrating the variety of jobs in the marine sector

A video to promote marine careers
